Additional Information

This new office is looking for an experienced receptionist to join their growing team. You must be focused on patients above all else - you should be comfortable going the extra mile. Customer service skills are highly valued in this practice. You should be happy to move around the office, greet patients at the door, and be comfortable handling financial transactions (simple and difficult). Flexibility is an important part of this position. As with any new office, you'll need to be able to adapt to the way that the practice owner's want things done.

NOTE: In order to apply for this job you must be HARP Approved or Certified as there may be the need, occasionally, for you to help out with assisting duties.
